

MB Tuff Chairs

Meadow Burke MB Tuff Chairs are designed and manufactured to provide enhanced strength and durability.

Meadow Burke Tuff Chairs are manufactured using an advanced plastic formula for improved strength and durability, providing exceptional performance even in extreme temperatures and corrosive environments. Tuff Chairs deliver fast and reliable rebar placement without the rust concerns of common metal chairs.

Time and Money Saving Benefits

- Easy to install
- Cost-effective, dependable performance
- Through-holes near feet allow for nailing down of chairs, if needed

Improved Overall Aesthetics

- Non-corrosive plastic produced in concrete gray coloring to camouflage its appearance
- Elimination of traditional rust concerns

Product Uses

- Post Tension Slabs
- Precast Structures
- Tilt-Up Wall Panels
